

CHARTERED ENGINEERS CERTIFICATE

EXPORTING USED MACHINERY TO INDIA

Intertek's Total Quality Expertise supporting Exporters
of Used Machinery comply with the requirements for
a Chartered Engineers Certificate

If you're intending to export any used machinery or equipment to India it is mandatory that a Chartered Engineers Certificate (CEC) is issued before being shipped.

Intertek are a world-renowned inspection and testing company experienced in issuing CEC's by our fully qualified IEE (Institution of Electrical Engineers) and IMechE (Institution of Mechanical Engineers) inspectors. documentation is required, normally pro-forma invoice, purchase order and price lists. Intertek can also issue Chartered Engineers Certificates for shipments to other countries to facilitate global trade and give your buyers the quality assurance they need.

Our inspectors will:

- Undertake a physical inspection of all machinery and equipment for assessment of condition
- Provide full details of the equipment's original value, current value, the date of manufacture, serial number, details of any remedial work and the potential cost required to bring the equipment back to a good condition

Intertek also offer a range of Verification Services worldwide including, Quantity and Quality Inspection, Supplier Audits, Container Services (loading and unloading) and Production Checks to name a few. For more information on these and our other services please go to www.intertek.com/government/verification

QUANTITY AND QUALITY VERIFICATION SERVICES

Production Line Inspections, Cargo Container Inspections, Exporter and Importer Advisory Services, Humanitarian Aid Shipment Inspections.

Intertek's verification and advisory services offer a range of quality and quantity audits, production checks during the manufacturing cycle, pre-loading inspections, and specific tailor-made solutions to provide customers with the assurance they need throughout the trading process.

Intertek provides accurate and timely quality and quantity verification reports tailored to meet the needs of individual clients. Not only can an Intertek inspection protect you from substandard products, we also offer loss-prevention inspections for insurance claims and assist you in meeting the inspection and certification terms in a negotiable letter of credit. Intertek's global network delivers these services at your requested location wherever you, your customers or suppliers are based.

Whether you are involved in the promotional gift industry, furniture manufacturing, retailing, automotive parts distribution or export and import, we will have a verification service to meet your needs.

Below is a list of just some of the inspections we offer:

- Cargo Container Inspections
- Production Line Inspections
- Exporter/Importer Advisory Services
- Quality and Quantity Inspections
- Donor Organisation & Humanitarian Aid Shipment Inspections
